NEW STATE LAW

Regarding Cell Phones

DISCONNECT TO RECONNECT

At Northside ISD, we are committed to providing a safe, focused, and distraction-free learning environment for every student.

In compliance with **House Bill 1481**, all students must power off their cell phones and store all electronic devices—including phones, smartwatches, earbuds, tablets, and similar items—in their backpacks or in a designated classroom location.

This policy is in effect **from the first bell to the last bell**, including passing periods and lunchtime. Students in violation of this State law could be subject to disciplinary consequences.

Phone Law

All personal devices should be turned off and put away during the day.

"During the day" includes passing period and lunch.

There is no charge for confiscated phones.

College Transition / School to College

What is College Transition?

Formerly known as Senior Seminar, College Transition is a course designed to prepare students for academic success during and after high school. It focuses on mastering research-based learning strategies—including **time management**, **stress reduction**, and active reading—while providing practical guidance for **career exploration** and **college applications** and **securing financial aid**.

SENIORS (*College Transition*)

JUNIORS (*School to College*)

Teacher: Coach Rey Luna

Who is the right student for the class?

The course targets students in their final years of high school, who have the desire to go to college, military or workforce and have the willingness to work hard at becoming independent learners and thrive personally and professionally.

What this class is NOT.

A behavioral intervention program
or “at-risk” program.

A study hall or “free period.”

Why the course works?

Students are given the time in class to research careers, complete their college applications, apply for financial aid and scholarships as part of the class. Students will learn and apply skills including note taking, organization, time management, and goal setting.

TEST OUT YOUR FUTURE CAREER!
